

BWC will be offering virtual safety classes during the COVID-19 pandemic. All in-person classes have been canceled for the remainder of 2020, and in-person cancellations will likely extend through most of the fiscal year ending June 2021. Virtual training classes (VTCs) provide an opportunity for students to learn remotely, while ensuring the safety of our customers. VTC participants will receive the same credits as participants of in-person classes.

System Requirements

- Computer with microphone and speaker set-up utilizing a headset or other low feedback system
- Internet access
- Must download WebEx player before entering training
- Must have a working email address in student's registration account within BWC Learning Management System
- Webcam (optional)

Necessary for a Student Completion

- Sufficient content time in WebEx to match credits assigned to class
- Participation of classroom activities in WebEx
- Completion of online assessment with passing score (directions communicated during WebEx Training event)

BWC now offers virtual safety training classes. All in-person classes have been canceled until at least July 2021, but BWC virtual training classes (VTCs) provide an opportunity for students to learn remotely while ensuring the safety of our customers. VTCs offer continuing education units (CEUs)* and the same BWC program credits their equivalent in-person class counterparts are assigned.
